Reviews

"Thank you so much for everything you did in the run up to, and planning of, our wedding celebration. We feel it was an absolute success and enjoyed the day immensely. It exceeded our own expectations and, even more importantly, our guests were extremely satisfied with everything. They were amazed by the atmosphere, decor, staff and especially the fantastic food at Urban Brewing!"

"We had a fantastic day at Urban Brewing on our wedding reception. Everything was exactly as we wanted it and the staff were really caring and always there for us for every need. We can't thank enough the team, who went above and beyond to look after us always with a kind smile. The food was lovely, we got a great feedback from our guests. Even the little things that were your own addition were a lovely surprise for us! Thank you for everything, we will be recommending the place to friends looking for a space for functions."

"Having a Dublin city centre wedding was a magical experience (yes, even in 2020!) But, what made our city centre wedding even more magical was having our reception at Urban Brewing. The historical vaults and beauty of the venue was breath-taking. The history behind the venue made the experience richer, but the attention to detail by the Urban Brewing team really tied it altogether. The large selection of beer, drinks and delicious food were all well appreciated by our guests. We can't stress enough how delicious the food was! Even in the midst of a pandemic, the UB staff provided the most pleasant experience. All our interactions with them really showed that they wanted to ensure we had nothing but a perfect day, and that it certainly was."
